

How to pay parkings with ParkMan

1

Select the correct area from the map

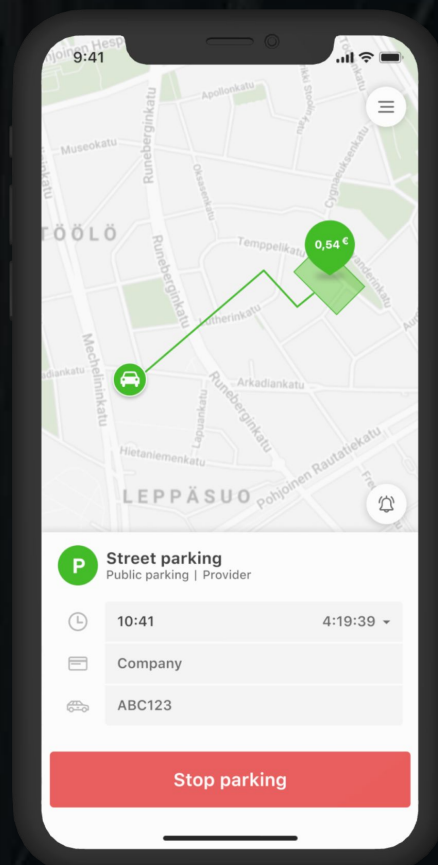

Check whether the large P sign is in the correct area when you want to start parking

2

Start parking

Choose the ending time, payment method and vehicle register plate. Confirm parking

3

Stop Parking

Stop parking when you arrive back to the car. If you don't stop the parking manually, the app automatically stops the parking when the set parking time duration has ended
